

# WATERSIDE POOLS INC.

## MOSAIC TILE DISCLAIMER

Dear Mr. And Mrs. \_\_\_\_\_,

Waterside Pools Inc. would be happy to install the mosaic tile you provided us for your pool. However, please understand that we cannot be responsible for the tiles in any way, and they will not be warrantied by Waterside Pools Inc. Furthermore, even in resurface, and/or warranty situations, the mosaics would not be replaced by Waterside Pools Inc.

In the event the pool needs to be resurfaced, the mosaic will be at a lower elevation than the new surface, and may also be chipped in the course of prepping the shell for resurfacing. If this occurs, you could either supply us with new ones at the time, or leave them as outlined above.

Furthermore, please arrange to have either yourself or a representative present at the time of installation to insure they are placed as you wish. Once they are set into place they can't be moved. Thank you for your understanding.

Please sign below that you understand and agree with this disclaimer.

Sincerely,

Jason Pavlow  
Waterside Pools Inc.
